

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claims 1-4 (canceled)

Claim 5 (currently amended): The A road surface repair kit ~~of claim 1~~ further ~~comprising~~ comprising:

(1) a premeasured amount of a binder component that is housed within an outside container;

(2) a premeasured amount of an aggregate component that is housed within the same outside container;

(3) an outside container that houses both the binder component and the aggregate component; and

(4) an inner container that contains a the premeasured amount of the binder material component and a premeasured amount of the aggregate material component in a substantially unmixed state such that at least 60% of the binder material component is not mixed with the aggregate material component and wherein the inner container is made of a meltable polymeric material.

Claims 6-9 (canceled)

Claim 10 (currently amended): The A bridge joint repair kit ~~of claim 8~~ further ~~comprising~~ comprising:

(1) a premeasured amount of binder component that is housed within an outside container;

(2) a premeasured amount of an aggregate component that is housed within the same outside container;

(3) an outside container that houses both the binder component and the aggregate component; and

(4) an inner container that contains a the premeasured amount of the binder ~~material~~ component and a premeasured amount of the aggregate ~~material~~ component in a substantially unmixed state such that at least 60% of the binder ~~material~~ component is not mixed with the aggregate ~~material~~ component and wherein the inner container is made of a meltable polymeric material.

Claims 11-12 (canceled)

Claim 13 (currently amended): ~~The A~~ road surface repair kit ~~of claim 11 wherein the~~
comprising:

- (1) a premeasured amount of an aggregate component;
- (2) a premeasured amount of a binder component that was heated to a fluid state, poured over the aggregate component and allowed to solidify;
- (3) a meltable polymeric inner container that contains the aggregate component and the binder component; and
- (4) a meltable polymeric material outside container ~~is a~~ that contains the
meltable polymeric ~~material~~ inner container.

Claims 14-15 (canceled)

Claim 16 (currently amended): ~~The A~~ bridge joint repair kit ~~of claim 14 wherein the~~
comprising:

- (1) a premeasured amount of an aggregate component;
- (2) a premeasured amount of a binder component that was heated to a fluid state, poured over the aggregate component and allowed to solidify;
- (3) a meltable polymeric inner container that contains the aggregate component and the binder component; and
- (4) a meltable polymeric material outside container ~~is a~~ that contains the
meltable polymeric ~~material~~ inner container.
